SCHOLARSHIP PROGRAMMES | Results and impacts 2018

**TRAINING EXPERTS AND FUTURE LEADERS**
We train experts and change agents

- **79%** of scholarship holders successfully complete their studies in a timely manner

- **50%** of scholarship holders achieve above-average grades

- Half of the scholarship holders gained additional competences to a high or very high degree by participating in a further education programme

**CAREER AND WORK**
We create job opportunities and lay the foundations for successful professional careers

- **85%** of working alumni hold positions appropriate for their education

- **74%** of working alumni have management responsibilities

**PROMOTION OF SCIENCE**
We strengthen research and knowledge creation in development contexts

- **Half** of the doctoral candidates plan to continue the academic collaboration after completing their scholarship

- **96%** of doctoral candidates state that they have learned new methodological approaches and work procedures

- **52%** of doctoral candidates published peer-reviewed contributions

- **92%** of doctoral candidates plan to continue working in research and teaching after their scholarship

**EQUAL OPPORTUNITIES**
We create education opportunities for disadvantaged groups

- **83%** of scholarship holders could begin a study programme only with the help of a scholarship

- **65%** of scholarship holders in their home regions are first-generation students

- **37%** of scholarship holders come from least developed countries

- **43%** of scholarship holders are women

Half of doctoral candidates
plan to continue the academic collaboration after completing their scholarship

96% of doctoral candidates state that they have learned new methodological approaches and work procedures

52% of doctoral candidates published peer-reviewed contributions

92% of doctoral candidates plan to continue working in research and teaching after their scholarship

1 The analysis includes all scholarship programmes financed by the Federal Ministry for Economic Cooperation and Development (BMZ) including scholarships as part of the BMZ special initiatives; Budget: Expenditures 2018; Data basis: DAAD statistics of scholarship holders of 2018 and DAAD scholarship holder survey; reporting period 2018.

2 The term ‘in a timely manner’ is defined as up to six months after the end of the scholarship.

3 The information refers to former scholarship holders in Germany; data on scholarship holders in their home regions are not yet available.
