of doctoral candidates plan to **continue working in research and teaching** after their scholarship

¹ The analysis includes all scholarship programmes financed by the Federal Ministry for Economic Cooperation and Development (BMZ) including scholarships as part of the BMZ special initiatives; Budget: Expenditures 2020; Data basis: DAAD statistics of scholarship holders and DAAD scholarship holder survey of the years 2019–2020; reporting period 2019–2020. Due to rounding, the sum of the data for individual criteria does not always add up to 100 per cent. For further information please visit: www.daad.de/datasheets. ² The term 'in a timely manner' is defined as up to six months after the end of the scholarship. ³ The information refers to former scholarship holders in Germany; data on scholarship holders in their home regions are not yet available.
