million Euro

Top 5 partner countries

GHANA
SOUTH AFRICA
MOROCCO
ETHIOPIA
TUNISIA & COLOMBIA

Contribution to the Agenda 2030

All higher education cooperations support the goals

“Quality education” (SDG 4) and “Partnerships for the goals” (SDG 17)

Further priorities

Networks in the Global South

We support trilateral cooperation

More than **42%** are a cooperation of several southern partners

Focus subjects

Supported by:

Federal Ministry
for Economic Cooperation
and Development

¹ The analysis includes all nine programmes for cooperation of higher education institutions financed by the Federal Ministry for Economic Cooperation and Development (BMZ); The funding programmes are aligned with the framework requirements of the BMZ and the OECD's DAC-List corresponding to the year of the call for application; reporting period 2023 (unless otherwise noted). Budget: Expenditures 2023; Data basis: DAAD statistics of scholarship holders of 2023 and annual reports by higher education institutions. Due to rounding the sum of the data for individual criteria does not always add up to 100 percent. For further information please visit: www.daad.de/datasheets.
² Partner institutions from non-DAC countries can be part of the cooperation projects (e.g. in networks), but do not receive any financial support.

Training experts and future leaders

We build expertise and train multipliers

CONTINUING AND FURTHER EDUCATION EVENTS

11.170 WOMEN
10.447 MEN
21 NON-BINARY³

FUNDING

34% of trained persons are teachers 48% of scholarships were awarded to doctoral candidates

Focus on practical application

We strengthen applied teaching and research

One in three projects cooperates with non-university partners based on a partnership agreement

Composition of partners

One in two projects

resulted in new contacts with business partners who are actively involved in the cooperation

Supporting effective higher education institutions

We improve the quality and relevance of university teaching

321

courses have been developed or revised since the beginning of the funded projects.

12,677

students used the newly developed or revised courses in 2023. Over 58 % took **online courses** or **blended learning formats**.

Level of courses

One in three courses is offered at more than one partner institution

Type of courses

Research and consultancy

We strengthen research in developing countries and provide knowledge for development

The supported partnerships are actively involved in **587** professional networks

251 peer-reviewed publications were produced as part of DAAD-funded partnerships⁴

112 research and consultancy products were created in the 20 DAAD-funded network and competence centres

Our projects cooperate with about **313** partners in research and science

³ The number of non-binary persons is not yet recorded for all programs.

⁴ The number of publications reflects only the four programme lines that contain a research component.

⁵ The grants are divided into partial scholarships, full scholarships, honoraria and mobility/residencies.
