

## **International Student Survey prize draw terms and conditions**

### **Participation**

- a) The prize draws are open to everyone who has received a personal invitation to the respective survey round and has completed the questionnaire successfully.
- b) You can take part in the prize draws by completing the respective questionnaire in full and clicking “Yes, I want to take part in the prize draw” at the end of it.
- c) Each participant may take part only once after each survey. Multiple entries by the same person using different email addresses is forbidden. A breach of this regulation will result in the complete exclusion of the participant from the prize draw process.

### **2. Procedure**

- a) The winners will be chosen at random. Each participant’s chances of winning therefore largely depend on how many people in total want to take part in the prize draw. The prizes for the draw are announced for each survey in both the invitation e-mail and the respective questionnaire.
- b) After the draw has been made, the winners will be contacted by email at the email address that was used to register for the survey. In some cases, they will be asked to provide their current postal address. The participants will be informed of the deadline for their response. If no response has been received by the deadline, another draw will be held of the respective prizes and the new winners will be contacted.
- c) There is no cash alternative.
- d) By providing your email address, you agree to the terms and conditions of participation and accept the terms of the data privacy policy. You also give your consent to be contacted by email or telephone (if a telephone number has been provided) in the event of a win.
- e) Participation in the draw is free of charge. Postage costs for sending the prizes will be paid by the International Student Survey team.
- f) The judges’ decision is final.

We look forward to your continued participation in our research project.

Best regards,

The International Student Survey team
