APPLICATION AND SELECTION PROCEDURE FOR A PHD DEGREE

9

This is a standard uploading area for all programme applications and some documents may not be mandatory for your application. Please refer to your programme call to check which documents are required.

Please be aware of the DAAD's application deadline as well as University of Dschang's deadline.

The application process for DAAD scholarships contains the following steps:

1. Register on the portal:
https://portal.daad.de/sap/bc/bsp/sap/z_set_cookie/setcookie.htm?fund_ar=stv&id=57756943
2. Log in to the portal
3. Carefully read the instructions on how to apply in the portal
4. Submit your application via the portal by **21st November 2024**

Remember to check that your application is complete and meets DAAD requirements before submitting! Otherwise, your application cannot be considered.

► **In addition to this first step, applicants must at the same time/as a second step apply for admission** at the University of Dschang using the contact details and procedure prescribed by the institution. **The institution sets its own deadline for the admission process.** Please inform yourself in plenty of time about the application process at the host institution.

Please note: in some countries in Sub-Saharan Africa, a document from the **Qualifications Authority** must be submitted for admission to the universities (e.g., from SAQA in South Africa). The application for these documents can take a while and it is the applicant's responsibility to obtain the documents from the respective authorities in time.

In a final selection organised by the DAAD, applications that have met **both** the admission requirements at the host university (and the university's rank in the pre-selection) and the DAAD's formal criteria are evaluated by an independent selection committee (international university teachers and experts from German and foreign universities as well as alumni). The independent selection committee evaluates the applications based on the submitted documents, taking into consideration the pre-selection ranking of the institution. Areas evaluated include academic performance and quality, extracurricular activities, motivation, and relevance of the research topic (if applicable).

The selection process usually takes place between April and September. The final decision will be announced for the region of Sub-Saharan Africa approximately six months after the application process has been accomplished.

Please note, that the information about the selection process and the deadlines for an announcement of the final decisions are a subject to change.

The DAAD reserves the right of final selection.
