Measures
The planned measures are wide-ranging and encompass the School of Design and the School of Art. The exchange of students, doctoral candidates and university staff, research visits, conference participation, workshops, exhibitions, summer schools and guest professorships are supposed to lead to joint research proposals and projects in the field of art and design.

Project goals
The strategic partnership is a significant contribution for further steps in the implementation of the internationalization strategy and for the promotion of young talents. Our goal is to strengthen the long-lasting partnership with Tongji University, promote interdisciplinary and innovative activities and prepare external fundings for scholarships and apprenticeships.

Structure
Bilateral relation between the University of Art and Design Offenbach and the Tongji University Shanghai.

Strategy
Establishment of a strategic foundation for the collaborative activities with Tongji University in Shanghai (China).

Features
Participation of all departments of HfG Offenbach, including university administration.

project manager: Prof. Bernd Kracke
project coordination: Ms. Dagmar Loris
