Vision of EUniWell

EUniWell's core mission is to understand, improve, measure and rebalance the well-being of individuals, our own community, our environment and society as a whole on a regional, European and global level, based on our joint values: we are democratic, inclusive, diverse, research- and challenge-based, inter- and transdisciplinary, entrepreneurial and co-creational.

EUniWell presents an action-oriented response to well-being, grounded in high-profile research expertise, educational leadership and civic engagement. In partnership with societal stakeholders and working

across the knowledge-education-innovation axis, EUniWell aims to play a critical, intermediary role in shaping research-based policy and pedagogy to inform decision-making, underpin skills development and realize a measurable impact on our students' learning experience and citizens' quality of life.

Our four key arenas for research and teaching are closely linked to the UN's Sustainable Development Goals (SDGs): Well-Being & Health, Individual & Social Well-Being, Environment, Urbanity & Well-Being, Teacher Education. We further advance gender equality and equal opportunities.

ACCOMPANYING NATIONAL PROGRAMME

Priorities and Project Activities

- Trainings in **New-Work methods** as virtual workshops, and later also on campus, for researchers, educators, staff and students at University of Cologne (UoC) who are active in EUniWell
- Incentives to support educators and staff, who act as **ambassadors** for EUniWell at UoC
- Implementation of a position to manage **mobility** within EUniWell at UoC
- Support structures for the co-creative development of **new mobility formats** with researchers, educators, staff and students at UoC
- **Digital tools** (apps, platforms) to support networking and collaboration within UoC and with the EUniWell partner institutions and associated partners
- Financial support of short-term **mobility** of members of UoC to EUniWell partner universities
