

# EUROPEAN UNIVERSITY NETWORKS (EUN)

## National Initiative

Partner  
Institutions

## Vision of YUFE

YUFE is a network of ten universities and four associate members from the academic, non-governmental and private sectors. Its aim is to develop a student-centred, open, inclusive and non-elitist European University in the coming years. Students are at the centre of our activities and play a key role in shaping our development.

European career paths are open to all status groups of the member universities, whether experienced researchers, junior researchers or university staff from management, administration and technology.

YUFE stands for a close connection to the various regions. All universities work together with companies, civil society organisations, local government and administration in order to live and develop the European idea together as well as to strengthen the regional impact of the universities.

To this end, we design the student journey as well as career paths and partnership projects with local non-university actors across four focus topics: European Identity, Sustainability, Citizens' Well-Being, Digital Societies.

Future of Europe

Student-Centred • Open and Inclusive • Individual Student Journey • Career Paths across Europe • Network of Young Research Universities • Quadruple Helix Approach • Regional and Local Links

## ACCOMPANYING NATIONAL PROGRAMME

## Priorities and Project Activities

- **Digitalisation:** Digitisation of courses and the development of common online platforms: teaching resources and services will be made available online across the entire network; innovative formats are being developed and administrative processes simplified
- **Multilingualism:** Promotion of language courses in all languages of the network, incl. German courses for students and employees of our partners as well as online courses and language tests; development of a common language policy
- **Diversity:** Promotion of diversity competence, online and in presence for all status groups – striving towards an open and inclusive university
- **Workshops and shadowing opportunities** specifically designed for the university administration and its management to facilitate an exchange of experiences across the entire institution
- **Mobility:** promoting the mobility of teaching staff, researchers as well as administrative, management and technical staff throughout the network; establishment of a YUFE Mobility Award to facilitate research stays across the network and initiate joint research projects
