Vision of CIVICA

CIVICA – The European University of Social Sciences unites ten leading European higher education institutions in the social sciences, humanities, business management and public policy.

As a European University of Social Sciences, our key ambition is to serve European societies and educate the next generations of Europeans. A core mission of our alliance is to reach out to marginalised groups and promote access to higher education. Our alliance strives to find solutions to complex societal challenges around four thematic priorities:

- Societies in Transition, Crises of Earth
- Democracy in the 21st Century
- Europe Revisited
- Data-Driven Technologies for the Social Sciences.

Together with entities outside academia, we build on an ever-stronger combination of education, research & innovation, and civic outreach to develop the European university of the future.
