

European University Networks (EUN)

National Initiative

Vision of ENGAGE.EU

ENGAGE.EU is an alliance of nine leading European higher education institutions from the fields of Business, Economics and Social Sciences, dedicated to addressing the societal challenges of our time.

As a European University, we are committed to international exchange. The Online Exchange Initiative and the ENGAGE.EU Labs, for example, provide learners with a wide range of (virtual) courses. Researchers can join our Think Tank to conduct research on socially relevant topics, expand their European network, and teach abroad and gain valuable experience.

ENGAGE.EU fosters societal change by addressing existing and emerging challenges such as digitalisation, climate change, migration, energy crisis, and security in Europe. In doing so, we aim to develop solutions for a sustainable and positive future. We strive to empower our learners to show social responsibility, act as European citizens engaged in social issues, and make an impact on society at large. All this is based on dedicated and effective research, teaching, and innovation ecosystems.

ENGAGE.EU

The European University engaged in Societal Change

Societal change and its challenges • Business and economics • Social sciences • Societal challenges and their impact • Students' mobility through the ENGAGE.EU campus • Explore, understand and learn to act responsibly in society • Lifelong learning • In dialogue with business and society • Social innovation

ACCOMPANYING NATIONAL PROGRAMME

Priorities and Project Activities

- **Digital teaching offers:** Development and expansion of human resources and infrastructure for the digitalisation of teaching to support lecturers in the implementation of virtual, hybrid and blended teaching offerings.
- **Lifelong learning:** Enabling lifelong learning through the development of additional continuing education offers.
- **Diploma of Advanced Studies (DAS):** Establishing an English-language study programme for the acquisition of the Diploma of Advanced Studies „Enabling Transformation“.
- **Teacher mobility:** Supporting the exchange of good practices between lecturers at all partner universities for the implementation of teaching programmes.
- **Development of early-career researchers:** Establishment and expansion of additional training programmes and workshops for early-career researchers.
