Vision of EELISA

It is EELISA's vision to advance education, research and innovation in Europe to make our societies more inclusive, digitalised and sustainable. To achieve this, EELISA will reinforce the idea of our European University as a sustainable Alliance growing in depth, scope, diversity and ambition. EELISA will foster joint, innovative and flexible learning opportunities, seamlessly accessible throughout our campuses in all mobility formats and including joint programmes, short-term educational and training offers for lifelong learners through micro-credentials as well as transnational internships and

apprenticeships. Finally, EELISA will consolidate our shared ecosystem of EELISA Communities as learning labs of systemic, structural and sustainable cooperation and responsible engagement with society, unleashing their potential across all missions, by promoting challenge-oriented activities under joint open calls and fostering a strong network for talent and joint innovation and entrepreneurship ecosystem.

Building Bridges, Bridging Boundaries • Education, Research and Innovation • Inclusive, Digital and Sustainable Societies • EELISA Communities • European Engineering • Interdisciplinarity • Sustainable Development Goals • Innovation and Entrepreneurship

ACCOMPANYING NATIONAL PROGRAMME

Priorities and Project Activities

- **EELISA digital:** Development of a digital travel management system for international travel by students and employees.
- **EELISA recognition:** Digitalization of the recognition of international study credits.
- **EELISA administration:** Mobility support and linking of partner administrations and expansion of the welcome service for students and researchers.
- **EELISA innovation:** Digitalization of the offer and regional expansion of innovation and entrepreneurship ecosystems as well as training on innovation processes with local partners and events on innovation with citizen participation (co-creation).
- **EELISA research:** Regular calls for proposals to fund research retreats to initiate collaborative projects within the European funding framework (Horizon Europe and others) involving at least two EELISA partners.
