

# European University Networks (EUN)

## National Initiative

Partner Institutions

## Vision of Ulysseus

Our goal is to shape the European Higher Education and Research Area, and thus the future of Europe, with and for its citizens. To this end, we are developing Ulysseus into an internationally recognized institution that promotes sustainable entrepreneurship in an inclusive and open-to-the-world setting.

The Ulysseus community consists of 8 alliance partners and currently 158 associated partners. Our 8 Innovation Hubs address key societal challenges: Ageing & Wellbeing, AI, Cybersecurity, Digitalisation, Robotics, Socio-ecological Sustainability, Sustainable

Energy and Sustainable Entrepreneurship. Together, they form the digital and (inter)regional Ulysseus innovation ecosystem.

Through integrative governance and a strong joint vision, Ulysseus co-creates impactful education, research, and innovation activities, involving the public at every step.

Our development goals include the internationalisation of university structures, the strengthening of European values and regional development, and enabling seamless mobility.

German Higher Education Institution

**University of Münster**

Network

**Ulysseus**

**the European University for the Citizens of the Future**

Open to the world • Person-centered • Excellent • Entrepreneurial • Innovation-driving • Sustainable • Diverse • Democratic

### ACCOMPANYING NATIONAL PROGRAMME

## Priorities and Project Activities

- Anchoring **internationality** as an integral element across all levels of the university
- Expanding positioning as an excellent, internationally visible research hub in **interdisciplinary sustainability research**
- Enhancing conditions for national and international **student mobility**
- Establishing effective and sustainable **structures and support systems** for collaboration within Ulysseus
- **4 areas of action:**
  1. Internationalization and digitization of administrative structures
  2. Strengthening the European dimension in research and education
  3. Supporting young talents and career development
  4. Promoting outreach and civic engagement in the Socio-Ecological Sustainability Innovation Hub
