Vision of E³UDRES²

We promote Smart and Sustainable Regions (S²-Regions) to shape a peaceful and prosperous European future for responsible citizens as a pioneering fully-fledged Engaged and Entrepreneurial European University (E³-Universities). We inspire open-minded people to co-create solutions for environmental, societal and economic challenges, support individual learners to unleash their talents and develop future-oriented skills, empower creative entrepreneurs (entrepreneurs, researchers, educators and innovators) and act as an inclusive and engaged platform for

collaborative innovation that strengthens a smart and sustainable society. E³UDRES² builds on four future-guiding focus areas:

- Health, Wellbeing and Social Inclusion for Regions
- Digital Solutions and (Applied) Deep Tech for Regions
- Resilient Economy and Innovation for Regions
- Creative Industries for Regions' Identity

ACCOMPANYING NATIONAL PROGRAMME

Priorities and Project Activities

- The national accompanying project supports the membership of Fulda University of Applied Sciences in the European University Alliance E³UDRES² through an intensified **internationalisation at home**.
- The measures promote an **international mindset** and an increased understanding of and for internationalisation as well as a **self-image of internationality** within the university.
- Training measures and a broad-based communication and publicity campaign aim to contribute to an **open-minded university** and a welcome culture.
- The mobility of researchers, students and employees between the E³UDRES² partner universities will be increased through **various mobility formats** (short-term, virtual, hybrid, face-to-face) and networking meetings.
- Further measures will help to support the increased numbers of mobility through an **intelligent digital infrastructure**.
