German-Ukrainian University Network

2025-2029

Study and Teaching

Hochschule für Wirtschaft und Recht Berlin (HWR Berlin)

Electrical Engineering

Project

Joint Modules in Electrical Engineering

Partnering Ukrainian Universities

Zaporizhzhia Polytechnic National University
Cherkasy State Technological University

Special Interests and Networking

Renewable Energies

Electrical Drive Technology

Energy Transmission and Distribution

SCADA Automation System

Digital Twins of Electrical Energy Systems

Transducers in Robotics

Prof. Dr. Juriy Plotkin
juriy.plotkin@hwr-berlin.de

Project Outcomes

1. HWR Berlin and the Ukrainian partner universities create English-language modules in Electrical Engineering
2. Transfer of know-how via new modules and training for Ukrainian staff
3. Increase in study programs attractiveness
4. Creation of study-abroad opportunities
5. Strengthening of digital competences of lecturers
6. Establishment and development of an alumni network

Central Activities

- Development of joint elective modules and retrofitting of laboratories
- Establishment of a project website and an alumni group
- Planning, coordination, and working meetings
- Further training for Ukrainian teaching staff
- English language courses
- Awarding of scholarships and study visits
- Subject-specific courses and networking events
