Project Website

Project Outcomes

1. German-Ukrainian double degree in "Digital Technology and Management" with 20 blended modules, co-taught by Ukrainian lecturers. It combines digital learning, mobility semesters, and internships, fostering interdisciplinary skills and intercultural teamwork.
2. An alumni network and training of administrative staff in mobility and internationalisation ensure sustainable academic and institutional development.

Central Activities

- A joint English-taught German-Ukrainian B.Sc. in Digital Technology and Management is developed with new co-taught modules, blended learning, IT infrastructure, and language courses.
- Activities include summer schools, networking with employers, mobility semesters in Germany, and an alumni network, plus trainings for Ukrainian administrative staff.
